Dear Peter:

As you know, we have an extensive collection of paper money and checks. Another collector has called our attention to the fact that it would be beneficial to our Museum exhibitions and to the other collector if we could obtain specimens of American Express checks of the past. They would fit well into our collection. As you may know, our American paper money collection alone has about 15,000 different items.

We are a not for profit corporation which operates a Money Museum and furnishes research information in the money field. We have a large numismatic library which is available for use by the public. If there is anything you can do to help us acquire specimens of American Express checks, we would be most appreciative.

Sincerely,

Dear Bruce:

The Eric P. Newman Numismatic Education Society is a not for profit corporation which operates the Mercantile Money Museum at the Mercantile Tower, 7th and Washington Avenue, St. Louis, Missouri. The Museum is open to the public without charge and its exhibits are in the coin, currency and fiscal document field and are changed from time to time. We are accustomed to borrowing items from others and those items are covered by an insurance policy based upon values furnished to the insurer. The title to the exhibit will certainly include the words "American Express checks" and no other Express checks will be included. The length of the exhibit should be from three to nine months. It is important that your firm furnish us with any related historical matter or information which will go with the specimen Express checks which are to be included. It would be interesting if you could furnish American Express checks issued in the currency of other countries as well as the United States.

If there is anything further you need to know, please feel free to contact us.

Sincerely,

A handwritten signature in blue ink, appearing to read "Eric P. Newman", is written over the typed name.

BACKGROUNDER

THE HISTORY OF AMERICAN EXPRESS TRAVELERS CHEQUES

The invention of the American Express Travelers Cheque by Marcellus Berry in 1891 was doubtlessly recognized immediately for the stroke of genius it was -- a payment instrument that was universally acceptable, eminently secure and easily replaced if lost or stolen.

Today, nearly a century later, American Express is the largest issuer of travelers cheques, having sold nearly \$15 billion worth last year alone.

It all began with a search for a more practical way to transport money than carrying it from place to place in a satchel. The American Express Money Order developed in 1882 by Marcellus Berry was a vast improvement over anything yet designed: it had a pre-printed face value which could not be increased because all higher amounts were trimmed off at the time of sale. So it was virtually impossible to alter.

Nine years later, Berry applied the same ingenuity to a problem posed when American Express President James C. Fargo returned from an extended European trip. The traditional letter of credit was too cumbersome a way to get money while abroad, said Fargo. He pointed out that a traveler could run out of money far from a bank willing to honor the letter; and exchange rates nearly always confused the transaction.

Berry's problem was to design a piece of negotiable paper that would be widely accepted as currency and could also be protected against loss, theft, counterfeit, forgery and fraud.

Berry was at his drawing board for some months before the idea of a signature and countersignature came to him. It was simple and elegant - sign once at the time of purchase and again at the time of spending.

But on its own the cheque form wasn't enough. Unless it was easily convertible into cash, goods or services almost anywhere a traveler was likely to go, it was little better than a letter of credit.

Bringing The Cheque To Market

Much work remained before the cheques could be offered for sale. American Express had done business with hundreds of banks across the U.S. These banks now had to be informed that American Express Travelers Cheques were backed by the considerable resources of the Company and could freely be cashed as long as the countersignature was made in their presence and corresponded exactly with the original signature. Abroad, the managers of hotels, stores, and restaurants had to be convinced that American Express stood ready to back their Travelers Cheque.

Customers would have to learn that American Express would replace and refund lost or stolen cheques, and further that they could cash them in places other than banks. In short, confidence in this new piece of paper had to be firmly established worldwide.

A major breakthrough took place in 1891 when the well-known European travel agency Thomas Cook & Son, with a worldwide network of 150 offices, agreed to honor American-Express Travelers Cheques and Money Orders.

To further assist clients whose Travelers Cheques are lost or stolen, American Express provides several additional complimentary services: emergency check cashing, cancellation of lost or stolen credit cards, and issuing a temporary I.D. American Express will also help clients change travel reservations and send a Western Union Mailgram or international cable, free of charge. In addition, the Company recently introduced a new service providing refunds by courier in less than three hours to travelers in 70 major U.S. cities.

Marcellus Berry could not have foreseen that his creation would ultimately change the business direction of the company that employed him. But, in fact, he was triggering an evolution that would ultimately make the American Express name synonymous with first-class service and security to travelers everywhere.

Re: American Express Travelers Cheques

Dear Mr. Newman:

This letter will confirm the consent of American Express Travel Related Services Company, Inc. ("Amexco") to provide to you specimen copies of American Express Travelers Cheques and/or other Travelers Cheques issued under license of Amexco as more fully described below and in the attachments to this letter. Amexco's consent is subject to the following:

1. You will safeguard and preserve the specimens and use them solely for exhibition purposes at the Merchantile Money Museum located at Merchantile Tower, Seventh and Washington Avenue, St. Louis, Missouri.
2. The term of Amexco's consent shall last only for the duration of the exhibition, and you shall return all specimens to Amexco no later than five business days after the expiration of the exhibition.
3. Amexco reserves the right to approve the form of all references to the specimens, or to Amexco or its affiliates, and you agree to submit all such references to Amexco for its prior review. Amexco's approval shall not be unreasonably withheld.
4. Amexco shall provide to you with the Cheques related historical matter and information which Amexco, in its discretion, deems appropriate.

2379J/21-2

5. You represent that you have the full power and authority to conduct the exhibition and that you will comply with all applicable federal, State and local laws, regulations and ordinances governing you and the exhibition. You agree to indemnify and hold Amexco harmless against any loss, claim, damage, cost or expense (including attorneys' fees) resulting from your failure to comply with this paragraph.

6. It is expressly understood and agreed by you and Amexco that, in connection with the exhibition, you will not hold yourself out as nor be deemed an agent of Amexco.

7. If your use of the specimens or the conduct of the exhibition conflicts, directly or indirectly, with the terms of this letter, Amexco reserves the right to terminate its consent immediately upon notice to you. In such event, you shall return all specimens and related material to Amexco immediately.

Please indicate your acceptance to the terms contained in this letter by signing the enclosed copy and returning it to Amexco. We very much look forward to working with you to help make your exhibition a success.

Sincerely,
